

PE & Sport Premium Funding impact report Acomb Primary School - 2019/20

In April 2013, the Government announced new funding of £450 million for Physical Education (PE) and sport. The impact of the 2019-20 additional funding is outlined below.

In 2019-20, Acomb received £16,000 plus £10 per pupil totalling £19,210.

This funding is allocated directly to schools across England with the aim of improving the quality and breadth of PE and Sports provision on offer. Schools are free to determine how best to use this funding to increase participation but, at the core, should focus on giving opportunity and promoting a healthy lifestyle.

2019-20 was perhaps the most unusual sporting year yet with the outbreak of Covid-19. Acomb continued to focus on broadening opportunity and striving towards a goal of active travel excellence.

HOW MUCH FUNDING DID ACOMB PRIMARY RECEIVE?

This year, Acomb received an estimated £19,210 in funding to improve the quality and provision of PE across the school. The key focus this year was to implement new equipment in line with the school's new curriculum being developed and to continue to broaden the curriculum opportunities on offer.

HOW DID WE ALLOCATE THE MONEY AND WHAT HAS BEEN THE IMPACT?

For a full breakdown of 2017-18, 2018-19 and 2019-20, and the impact of this, please see:

<http://www.acombprimary.org.uk/about-us1/sports-premium/>.

EQUIPMENT/OPPORTUNITY

EQUIPMENT

Equipment management and renewal took place to ensure that equipment met safe operating standards and was in line with the new curriculum. Partnerships have also been developed with 'Down the Line Tennis Coaching' to provide tennis equipment in the future. Orienteering remapping (due to take place 2018-19) will now take place later this academic year.

OPPORTUNITY Part of our Sports Premium Funding was used to subsidise the cost of transport to the Manchester United vs Besiktas Europa League tie at Old Trafford. All children paid reduced costs to access this wonderful opportunity.

EXPERTISE/PARTNERSHIPS

EXPERT COACHES

Each year, we designated part of our Sports Premium funding to continue excellent partnerships with outside agencies. This year that included York City Football Club, Chance to Shine cricket and Ignite Sports Coaching. This allowed a breadth of sports to be accessed and support was emphasised in Key Stage 1.

ACTIVE TRAVEL

Acomb was fortunate enough to build on the good work completed to achieve GOLD MODESHIFT STARS status and was asked to partner with, and support, a local school of Our Lady Queen of Martyrs to improve the commuting behaviour on Hamilton Drive.

This partnership led to new links with the local York RI, a community driven initiative to get ward funding to relay the carpark there, and the establishment of a permanent 'Park and Stride' facility to ease congestion for both school's parents.

YORK SCHOOLS SPORTS PARTNERSHIP

Continuing our work with other schools, each year we allocate part of our Sports Premium money to sign up to the York Schools Sports Partnership. This is ran and organised by coaches out of York High School.

Competitions taken part in this year include Y3-4 football, Y5-6 football, Y3-4 cricket, tag rugby and Y5-6 netball. This saw us finish with respectable results including a 2nd place finish in the citywide netball tournament.

The initiative continues to allow us to build close partnerships with other schools and strong links have been developed with Carr Junior School and Our Lady Queen of Martyrs.

The partnership also allows staff to access a wide range of training opportunities, although these were limited due to Covid-19.

Participating in arrange of virtual competitions will be the focus for the following year.

PE DURING LOCKDOWN

In the academic year 2018-19, we reported that 72% of our children took part in extra-curricular sport.

This shows that a culture of 'movement and activity' is established in our school and this was supported by all the wonderful examples we heard of children taking part in physical activity during lockdown.

This included participating in 'The Body Coach' workouts, Cosmic Yoga, Zumba and Go Noodle workouts each day!

Those children who were 'key workers' also had daily PE lessons and it was a pleasure to see the enthusiasm displayed by all.

PRIORITIES MOVING INTO 2020/21

This year has been a truncated year for all schools due to Covid-19.

Acomb Primary has therefore identified three key goals:

1. Delivering high quality, sustainable PE, both in sessions and in extra-curricular activities
2. Increasing daily exercise and fitness of all children.
3. Tracking activity levels outside and inside of school more efficiently to ensure those at risk have the opportunity to move more.

The funding for the next academic year will focus on the tracking, monitoring and assessment of these key goals and how to increase the **opportunity** given to all pupils
