

PE & Sport Premium Funding impact report Acomb Primary School - 2020/21

In April 2013, the Government announced new funding of £450 million for Physical Education (PE) and sport. The impact of the 2020-21 additional funding is outlined below.

In 2020-21, Acomb received £16,000 plus £10 per pupil totalling £19,210.

This funding is allocated directly to schools across England with the aim of improving the quality and breadth of PE and Sports provision on offer. Schools are free to determine how best to use this funding to increase participation but, at the core, should focus on giving opportunity and promoting a healthy lifestyle.

2020-21 saw the continuation of many of the COVID-19 restrictions we faced the year before. Acomb is excited to be able to restart many of our clubs and fixtures in the following months.

HOW MUCH FUNDING DID ACOMB PRIMARY RECEIVE?

This year, Acomb received an estimated £19,210 in funding to improve the quality and provision of PE across the school. The key focus this year was to purchase new playtime equipment, improving break time for all, and to participate in as many competitions as possible, within the COVID-19 limits that were necessary this year.

HOW DID WE ALLOCATE THE MONEY AND WHAT HAS BEEN THE IMPACT?

For a full breakdown of 2020-21, and the impact of this, please see: <https://acombprimary.org.uk/our-school/pe-and-sport-premium/>

AFTER SCHOOL CLUBS

CLUBS

During the last academic year, we were unable to run as many different after-school clubs as previous years.

In usual circumstances, pupils would be offered clubs including: netball, football, tag rugby, dodgeball, multi-skills, hockey, running and orienteering.

EQUIPMENT

New equipment was purchased, focusing particularly on increasing the playtime experience for both Key Stage 1 and Key Stage 2. This included skipping ropes, frisbees, footballs, basketballs and stilts.

NEW PE CURRICULUM

PE	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Early Years	Movement and Travel Focus on simple movements	Throwing and catching Focus on developing hand-eye coordination skills	Gymnastics Focus on introducing children on how to move their bodies (and how to do so safely)	Dance Focus on allowing children to explore moving their bodies freely to a stimulus	Athletics Focus on introducing children to structured events and uses of their bodies	Games Focus on children applying the skills they have learnt throughout the year
Year One	Fitness Focus on getting children moving and developing awareness of their bodies		Gymnastics Focus on encouraging children to begin to link simple movements and experimenting with ways of travelling		Athletics Focus on broadening the structured events they participate in and the equipment needed for these	
	Games Focus on the development of fundamental skills		Dance Focus on children developing some choice with their movements and creating simple motifs		Games Focus on developing basic skills within small games	
Year Two	Fitness Focus on children developing a control of their bodies		Gymnastics Focus on children linking simple movements together and beginning to show elements of own composition		Athletics Focus on broadening the structured events they participate in and the equipment needed for these	
	Games Focus on beginning to apply fundamental skills into basic games		Dance Focus on children performing motifs with varying speed/control and inputting their own ideas		Games Focus on children applying the range of skills taught in KS1 to simple individual/team games that involve striking and fielding	
Year Three & Four	Fitness Focus on children developing stamina in their movements and establishing a culture of 'exercise'		Outdoor Adventurous Activity Focus on using communication and team work to complete a range of activities (problem-solving/orienteering/team based activities)		Athletics Focus on developing control of bodies, whilst using the appropriate skill for each event	
	Netball Focus on developing a range of hand-eye coordination skills in a competitive game setting	Dance Focus on creating routines with some improvisation and developing precision and control	Gymnastics Focus on combining actions with increasing confidence, change of direction, speed or level.	Rugby Focus on moving and passing with the ball whilst showing control and accuracy	Rounders Focus on developing striking and fielding skills	Tennis Focus on developing successful striking skills and using simple game-based tactics
Year Five & Six	Fitness Focus on increasing stamina, variation of exercise and performing activities with confidence and competence (understanding what 'fitness' is)		Outdoor Adventurous Activity Focus on using equipment to complete a task and use self-evaluation skills to discuss how a team/self can improve. Focus on develop a 'challenge' mentality through Bewerley Park		Athletics To compete against others and self using a range of skills and showing a good level of control	
	Rugby Focus on developing team based, situational skills whilst competing against others in a controlled manner	Gymnastics Focus on using stimuli and their own ideas to create their own complex sequences	Dance Focus on developing dance styles, expression and creating rhythmic sequences (based off stimuli and own ideas)	Netball Focus on developing an understanding of how to best use space whilst passing and receiving the ball	Tennis Focus on linking a range of skills together with fluency and with purpose/intent	Rounders Focus on situational/team-based tactics whilst developing a plan of attack/defence

YORK SCHOOLS SPORTS PARTNERSHIP

Continuing our work with other schools, each year we allocate part of our Sports Premium money to sign up to the York Schools Sports Partnership. This is ran and organised by coaches out of York High School.

Unfortunately, due to the continuing COVID-19 restrictions, many competitions and clubs could not take place in person. We were able to participate in some virtual events to engage children and provide the experience of competing with other schools.

The virtual competitions included:

- Ultimate Warrior
- Archery
- Cross-country
- Skipping events
- Fitness challenges.
- Curling

The pupils and staff thoroughly enjoyed their participation in these events, tracking the results online to see how well our school were doing locally.

We are excited for next year when some events may be able to restart.

NEW LOOK PE

This year saw a new PE curriculum revealed,

NAMED SPORTS:

Each sport/activity covers objectives from the National Curriculum.

GAMES:

This offers the opportunity for Key Stage 1 pupils to focus on fundamental movement skills, whilst offering the opportunity for both named sports and pupil designed games to be used.

OUR SPORT PROVIDERS

Through Ignite Sport Coaching, our pupils accessed a fantastic standard of sports coaching, in line with the new curriculum plan. Furthermore, our partnership saw their successful holiday clubs restart on our premise and these were well attended.

Swimming returned to the school calendar, with Year 6 enjoying extended time and a larger block of lessons than ever given before at Energise.

PUPIL VOICE:

'Sport is one of my favourite lessons at school. I love being active and outdoors.'

Year 5 pupil

'I love the lessons that Mr Shimmín and Mr Gallagher teach us. I like playing with the other children in my year and it doesn't matter if we lose.'

Year 6 pupil

'This year's sports day was so much fun. I loved doing the sprint races and the obstacle course race. I got 1st place and a sticker!'

Year 2 pupil
